

Create Your Own Snow Map

Name: _____

Date: _____

Instructions

- 1: In the box above, copy down the placement of the cups from the activity
- 2: In each of the “cups” in your drawing, write the amount of confetti found in them
- 3: Circle the cup in your drawing in red
- 4: Circle the next largest amount in a different color, making sure to include all amounts of equal value in the circle, and including the previous circle in the next circle
- 5: Continue the process until your contour map looks like this:
